

Key Features

- Rust Inhibiting & anti-wear additives save equipments.
- Safe on Aluminum brightens without dulling.
- Parts can be sprayed or dipped.
- Non Foaming formula allows to see parts being cleaned, hard water soluble, easy to use and store.

Description: Motor Pro Hot Bath Parts Cleaner is environmental safe super concentrated automotive hot bath parts degreaser. This degreaser can be used to clean all metals including aluminum alloys.

Directions: Pour Motor Pro Super Concentrate Bath Degreaser into water tank. The ratio is approximately 2 cups (1) lb. per 30 gallons of water. Based on experience you may add or reduce the volume of concentrated powder used. Test pH regularly and maintain pH of 12 by adding 1 cup of powder as needed. Heat the water to 150 – 160°F. Place parts to be cleaned on spray bath racks and start machine. The cleaning cycle is typically 10 - 15 minutes. Refer to the manufacturers instructions for details regarding equipment operation. Use air gun to dry parts. Consult an M.S.D.S. for more information.
For Industrial Use Only.

Precautions: May cause skin irritation with prolonged contact. Avoid contact with the eyes, if splashed in eyes, wash with plenty of water. If required, contact physician. Keep out of the reach of children. Wear safety goggle, gloves, and apron when mix concentrate with water.

First Aid: Eye Contact: Flush with water for at least 15 minutes. If irritation persists, call a physician. **Skin Contact:** Wash thoroughly with water. If irritation persists, call a physician. **Ingestion:** Immediately drink large quantities of water. Contact a physician. **Inhalation:** Remove to fresh air.
