

Description: Motor-Pro hand scrub has been specially formulated for professional automotive technicians. It has a fresh scent of natural citrus with pumice added to remove the most stubborn dirt and grease. It has been fortified with five conditioners to keep your hands soft and moist. It also deodorizes hands from the lingering smell of grease and oil. Does not contain petroleum based solvents.

Directions: Apply small amount of scrub to hands and rub gently. Rinse with water and dry. If no water is available, wipe clean with cloth or paper towel.

Safety: Avoid contact with eyes, if in contact flush eye with water and contact a physician.
